

Dear Families,

I am excited to share that Country Creek Pediatrics has joined **Trinity Health IHA Medical Group**, and we are relocating to a new office in Rochester Hills beginning **April 6, 2026**. Our new location is at **1854 W. Auburn Road, Suite 300B, Rochester Hills**, just 7 miles from my current office.

We are excited to continue delivering the same high-quality personal care with the providers you know and love, La Sharon Samuels, MD, Catherine Stoddard, FNP, and Mariam Zara, DNP, backed by the resources of Trinity Health. We are also excited to be joined by two additional physicians, Dr. Rebecca Korpak and Dr. Aimee Pollak. You will find more information about each of them below.

Rebecca Korpak, MD, is a board-certified pediatrician. She earned her medical degree from Liberty University. Dr. Korpak has clinical interests in preventive medicine, child advocacy, nutrition/lifestyle counseling, and supporting parents through each stage of childhood.

Aimee Pollak, MD, is a board-certified pediatrician. She earned her medical degree from the University of Toledo College of Medicine. Dr. Pollak's clinical interests include preventive care, growth and development, pediatric obesity prevention and management, and working together with families to improve overall well-being.

I welcome you and your family to continue your care with me at **Trinity Health IHA Medical Group Pediatrics – Rochester Hills** by scheduling your next appointment. With this transition, our phone number will change to 248-696-3400. If you have a previously scheduled appointment for April 6, 2026, or later, your appointment will take place at our new location.

Please note, some of the insurance plans our office accepts have changed as part of this transition. While I am happy to continue providing your care, depending on your plan's out-of-network coverage, you may be responsible for additional out-of-pocket costs. Please contact your insurance carrier if you have coverage concerns.

As part of Trinity Health IHA Medical Group, you will have access to expanded services, including same-day and next-day appointments, weekend care, virtual visits, MyChart Patient Portal, pediatric behavioral health, and a wide network of specialists should you need care beyond our office.

Thank you for continuing to trust our team with the care of your family. I look forward to seeing you soon.

Sincerely,

La Sharon Samuels, MD
